

Greenex™ R&S F1 (Rust and Scale Remover /Fast Active)

For General Cleaning and Off-Line Cleaning of The Chiller

Greenex™ R&S F1 eliminates the need for such hazardous acidic cleaner such as Hydrochloric and Phosphoric that are traditionally required to remove scale and rust stain. By utilizing a proprietary plant-based surfactant (alkyl Polyglycoside) and an organic dispersing agent, the product is able to dissolve hard stubborn scale in chillers and rust stain.

Feature & Benefits

- Our natural surfactant & organically based formula
- High performance rust and scale remover
- Replaces hazardous acid cleaner
- Non-volatile and non-flammable
- No environmental hazards impact
- No adverse effect on plastic, rubber, paintwork or metal

Direction to use

Dilute the product 1: 10 (with water) for use in general cleaning /degreasing applications. The product may be used in its concentrated form without dilution for tough to clean or when shorter cleaning time is required. For removing hard stubborn scales in chillers, recommend close loop cleaning using 5 -10% with water. Circulate for at least 4-6 hours. Dismantle header cover and carry out normal brush cleaning

Package

Greenex™ R&S F1 pack in plastic pail 25 liters and plastic drum 200 liters.

Safety Information

GREEN Products do not contain Lead (Pb), Mercury (Hg), Cadmium (Cd), Hexavalent Chromium (Cr6), Polybrominated biphenyls (PBB), or Polybrominated di-phenylether (PBDE) complying with the restricted substances listed in Article 4(1) of the RoHS Directive.

GREEN Products are also RoHS compliant for exports to European Union.
