

Topic : Neat Cutting Oil For Steel Billet

980ils Products	Lube-Cut 130
Applications	Neat Cutting Oil
Customer /Location	S. Forging , Thailand
Previous Lube/Fluids	Taiwanese Brand
Part name /Material	Steel Billet SCM-420H Stainless Steel SS400
Process/Machines	Cutting
Customer Requirements	Quality and Cost Reduction

Issue/Problems:

- Quality
- Cost Reduction

Solutions:

We recommend Lube-Cut 130 is a non-staining, light color and low odor product performance additives to aid performance in normal machining operations with high cutting speed on medium to high tensile steels and Stainless.

Summary

Machine : MEGA Brand

Lube-Cut 130 Can cut 2-inch steel bar. have good saw blade life and process cutting is no smoke and odor.
