

## TOPIC : Synthetic Coolant For Steel Part Machining

980Oils Products	Randocut 832
Applications	Coolant for steel
Customer /Location	H. INDUSTRIAL /Prachin Buri, Thailand
Previous Lube/Fluids	N/A
Materials	Steel (S45C) stainless (SUS304,403)
Process/Machines	CNC Machining
Customer Requirements	Quality improvement

### Solutions:

1. We recommend Randocut 832 for CNC machining of steel and stainless steel workpieces.
2. Randocut 832 is also recommended as a lubricant, as it helps reduce operating temperature and minimizes wear on the cutting tool.

### Summary:

-the customers have never encountered any problems with the RC-832 product and are satisfied with its performance. This positive feedback is a testament to the quality and performance of our product.
